Chapter 7 Activity Sheet: Resume, Rebooted

🟦 Use this activity sheet to complete the Chapter 7 Quick Win. You'll take your self-initiated projects and translate them into resume worthy experience that showcases your skills, even without formal job titles.

📁 Step 1: Choose Your Top 1–2 Cloud Projects

List 1 or 2 simulation or lab projects that you'd like to include on your resume.

Project 1 Title: _____

Link to GitHub Repo: _____

Project 2 Title (optional): _____

Link to GitHub Repo: _____

✍️ Step 2: Turn Your Project into Bullet Points

Use the format: Action Verb + Task + Tools Used + Outcome

Example: Built a 3-tier cloud app using EC2, S3, and RDS to simulate real-world client hosting needs.

Write 2–3 bullets for each project:

• _____

• _____

• _____

• _____

• _____

• _____

📄 Step 3: Format as a Resume Entry

Use a heading like this:

Cloud Project Experience (Freelance Simulation)
Your Name – Remote
Month YYYY – Present

Then paste your bullet points below.

🔗 Step 4: Update Your LinkedIn + Resume

Paste your new experience into your resume or LinkedIn under a new section titled "Cloud Projects" or "Freelance Simulation Experience."
Optional: Attach your GitHub repo, project PDF, or screenshots to the LinkedIn entry.

▒ Outcome

By completing this activity sheet, you'll:

- Translate your projects into résumé language
- Show what you can do, not just what you've studied
- Position yourself as job-ready, even without a formal job
